

## Gas spring mobile stand for IWB

SmartMedia's mobile stand for interactive whiteboards is height-adjustable thanks to a manual gas spring system. It comes with an extension arm for a short-throw projector (model SRP-ST) or with a support bracket for an ultra-short throw projector (model SRP-UST). Metal supports hold the interactive whiteboard in place. Made to fit through doorways and including 4 casters, two of which are locking, the stand can be easily moved from one room to another without the need to remove the projector (swivel arm/support). Both models are compatible with whiteboard sizes 78" to 105".

Specifications: Adjustable height range of 18" –  
Max. weight supported: 88 lbs. – Whiteboard heights supported: from 44" to 62" – Size (L x H x D): 39"x 81.5"x 27" (min. height) - Size (L x H x D): 39" x 99"x 27" (max. height).

Optional accessories: Laptop shelf (model MESRE) to support a PC/ Notebook.
