

Stands for Tablets, iPads and eReaders

Latest news with just one "Touch"

The SmartMedia Tablet, iPad and eReader stands are ideal for any situation where you need to inform and interact with customers or users.

Available in two versions: self-supporting floor and table top models.

The built-in locking system firmly attaches 9.7" to 13" devices to a shelf or wall.

Excellent for museums, libraries, art galleries, exhibitions, or fairs. Allows users to enjoy audio, video, or text of their choice and improves their visual experience.

It allows users to comfortably appreciate the content, prices and technical characteristics of the products on display inside showrooms or retail stores.

Exhibit, interact, play, and learn!

Simple, convenient, and safe.

SmartMedia stands combine modern design and simple lines with the security of a stable and well-structured product that can be used in banks, hotel lobbies, car dealerships, or tradeshow booths.

The device power cables can easily be hidden in the stand support.
