SMARTMEDIA DTF SERIES

SmartMedia Disassemble Touch Frame monitors are modern systems that allow a perfect view, for interactive presentations that's easy to use in the classroom

Full HD resolution with Infrared Technology ensure long life and high resolution.
Modern design with Aluminium frame, front interfaces, and function keys on front.

Android Player Built-in to surf the web and use any app.

Ambient Light Sensor measures light environments and adjustes the screen brightness to allow the human eyes a comfortable view in different situations of lighting conditions.

APPLICATIONS

SmartMedia Disassemble Touch Frame multi-touch monitors are a powerful and versatile tool that can revolutionize display, interaction and transmission of knowledge.

This solution creates a convergence of the many tools currently used in the classroom and boardroom (IWB, video projector, DVD player, sound enhancement), in one complete and functional device.

It is also the optimal solution for Digital Signage and Video Conferencing.

Wall-mount for Monitors included

MAIN FEATURES

- Infrared technology for fast, accurate and reliable touch
- Integrated Android Player, Optional Integrated PC (i3, i5 or i7)
- Front Facing Infrared frame is easy to disassemble without any tool assist
- Android Player, Power supply and OPS module are integrated into the modular box for faster maintenance.
- Furnished with SmartTouch software for media content management, SmartMedia IWB complete with video conferencing plug-in and SmartMedia Pro software for device management in the classroom, SmartSignage for Digital Signage applications.

Included SmartTouch Software

SmartTouch is the software that lets you manage multimedia content and presentation files more effectively and in a more visually engaging way on any touch-based device. Easy to use, SmartTouch allows you to control and interact with content naturally thanks to hand gesture recognition. SmartTouch has been designed to give you an experience much like your smartphone or tablet. Designed for use with touch screen monitors and with interactive kiosks and tables.

Great at info points, trade shows, museums, retail locations, shopping malls, television news studios, meeting rooms, airports, hotels, universities, schools, training centers, libraries, etc.

PHOTO, VIDEO AND AUDIO VIEWER

Allows you to visualize and manipulate photographs, videos and audio files, annotate directly over the screen, and capture and email your annotations.

JIGSAW PUZZLE

This app simulates a classic jigsaw puzzle to entertain in a fun way! Users can turn any image they desire into a puzzle.

PDF AND MICROSOFT WORD, EXCEL AND POWER POINT FILE VIEWER

Lets you visualize the selected file and zoom in or out on all or part of the document, annotate directly over the screen, and capture and email your annotations.

BROWSER

The integrated web browser will let you navigate the Internet and create white and black lists to limit access only to specified sites, annotate directly over the screen, and capture and email your annotations.

QUIZ BUILDER

Create and manage custom quizzes for educational or entertainment purposes.

FORM:

Lets you visualize the selected file and zoom in or out on all or part of the document, annotate directly over the screen, and capture and email your annotations.

Compatibility

8.1

Minimum requirements: 7-inch Tablet with WIndows 8.1 or Windows 10 or Desktop PC with WIndows 7, 8, 8.1 or 10

Included Software

SmartMedia Pro (for 5 users)

With SmartMedia Pro, our multimedia-linguistics educational network software, you can easily transfer and share images or files with your students, communicate with them through voice and text messages, explain with the help of images and sounds, broadcast a movie via network, show the class an exercise created by a student, check the student's screens, block student's devices, manage instant quiz/survey and more.

SmartMedia Pro is simple to learn, simple to use and doesn't need a technical person to operate or maintain.

More than 17 languages:

Compatibility:

SmartMedia IWB

Main Features:
