

Smartmedia Electric Height-Adjustable Mobile Stand for Interactive Whiteboards

SRE-ST

SRE-UST

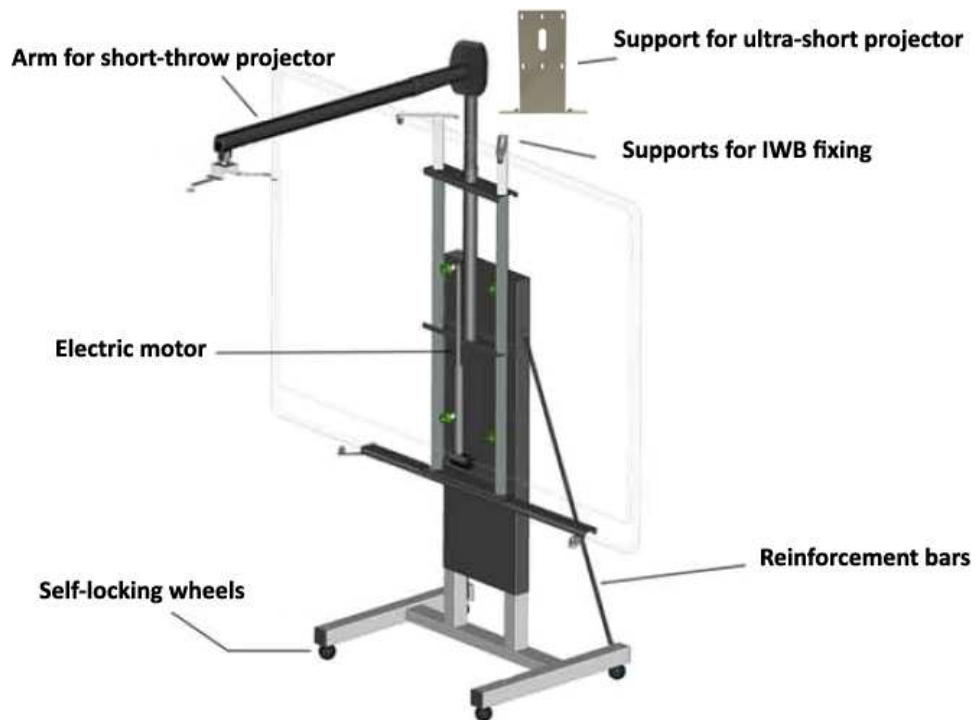

The SmartMedia mobile stand for interactive whiteboards is height-adjustable thanks to an electric motor with a remote control and safety switch. It is available with an extension arm for a short-throw projector (model SRE-ST) or with a support bracket for an ultra-short projector (model SRE-UST). Made to fit through doorways, it is easily movable from one room to another. The stand includes two locking casters. Both models are compatible with whiteboard sizes 78 " to 105" .

Optional accessories:

ASN-SRE is a locking storage cabinet for notebooks and accessories. It is made of steel, for notebooks with displays from 10 "to 19". It can be used if it is open, as a shelf, and is ideal to protect the computer equipment.

Specifications:
