

## SmartMedia Interactive Kiosk KIO Series

designed to  
**attract immediate  
attention**

**watch the interaction begin...**

SmartMedia KIO is an indoor interactive kiosk with a large 4-point touch monitor display designed to attract immediate attention.

Multi-touch software is included but it can also be used with any digital signage software. Designed with a sleek, black and silver structure with rounded corners, and includes a built-in ventilation system. Find your perfect application and watch the interaction begin. Other colors available upon request.

### APPLICATIONS

SmartMedia KIO allows for interaction with multimedia content, maps, information, advertising and much more. Users can interact with the surface intuitively with their fingers.

Popular in retail outlets, hotel lobbies, schools entrances, banks, airports, shopping malls, museums and more.

### FEATURES

- Aesthetically pleasing design to attract attention
- Integrated PC with Intel core i5 processor, 500GB hard drive, 4GB Ram
- Connect to your network for digital signage remotely-controlled applications
- Protective glass on LED makes it safe for public use
- Security for PC with lockable rear access door
- Infrared Touch Technology for accurate and reliable finger touch
- Built-in ventilation system to keep components cool
- Optional wheels for mobility

## Included software: SmartTouch

SmartTouch is the software that lets you manage multimedia content and presentation files more effectively and in a more visually engaging way on any touch-based device. Easy to use, SmartTouch allows you to control and interact with content naturally thanks to hand gesture recognition. SmartTouch has been designed to give you an experience much like your smartphone or tablet.

Designed for use with touch screen monitors and with interactive kiosks and tables.

Great at info points, trade shows, museums, retail locations, shopping malls, television news studios, meeting rooms, airports, hotels, universities, schools, training centers, libraries, etc.

## Amazing interaction in high definition

Using your multimedia content and the easily customized pre-loaded templates, you can create your own interactive application in just a few steps. Prepare your projects wherever you are with the configurator, then import them into SmartTouch with a USB drive or other removable media. Real multi-touch capabilities: multiple users can explore different content at the same time. Password-protected access to settings and to exit the software.

# Main Features

## Photo, video and audio viewer

Allows you to visualize and manipulate photographs, videos and audio files, annotate directly over the screen, and capture and email your annotations.

## Browser

The integrated web browser will let you navigate the Internet and create white and black lists to limit access only to specified sites, annotate directly over the screen, and capture and email your annotations.

## Jigsaw Puzzle

This app simulates a classic jigsaw puzzle to entertain in a fun way! Users can turn any image they desire into a puzzle.

## Quiz builder

Create and manage custom quizzes for educational or entertainment purposes.

## PDF and Microsoft Word, Excel and Power Point file viewer

Lets you visualize the selected file and zoom in or out on all or part of the document, annotate directly over the screen, and capture and email your annotations.

## Form

Enter the requested information, including e-mail address, on the form; attach any file you want (e.g. brochures, data sheets, images, screenshots, etc.), and the app will send it to the specified e-mail address automatically.

Compatibility

Minimum requirements:  
7-inch Tablet with Windows 8.1 or Desktop PC with Windows 7, Windows 8 or Windows 8.1
